

Operational Risk for Gulf Businesses – Practical or Painful?

As you are no doubt aware, ORM (Operational Risk Management) is quickly gaining ground in the Gulf, and most Organisations are currently either implementing or evaluating ORM.

4Sight brings you a unique opportunity to listen to two ORM industry experts and to learn from their experiences of successfully implementing ORM solutions in organisations across the globe.

Presenters

Dr Chris Moxon was appointed Chief Executive Officer of Methodware in January 2004. He had worked with Methodware in a consulting capacity for the previous 6 years. Prior to Methodware, Chris held the following positions:

- Managing Partner of Ernst & Young's New Zealand Consulting practice
- Managing Partner of Andersen's New Zealand Consulting practice
- Managing Director of Oracle New Zealand

Chris holds a B.Sc degree (1st Class honours) from Coventry University, UK

Martin Price has represented Methodware products in Europe for the last 6 years. He has a focus on the financial services industry and has successfully sold solutions to Central, Retail and Private Banks across Europe, Mortgage Lenders and Insurers.

Prior to Methodware, Martin promoted large scale cost management and project management solutions to a variety of industries. He has extensive experience in the process engineering and construction industry. He has worked in many countries throughout Europe, Middle East and Asia and speaks both Italian and French.

Martin holds a BSc (Hons.) in Physics and a Diploma in Industrial Studies.
